

FACADE CLADDING AND ALUMINUM SOLUTIONS

## ABOUT US

We have established our 40 years of experience as RA Design in order to serve you better. Considering the quality and aesthetics required by modern life, RA Design has made it a principle to provide you with quality service by undertaking the coating of the outer surfaces of the buildings in places such as trade and shopping centers, educational buildings, factory management buildings, holiday villages, hotels, sites and apartments.

RA Design is a company that solves contemporary architectural concepts with the combination of aluminum and glass, and can design, project, manufacture and install standard and structure-specific curtain wall systems with its original designs. We care about your external beauty.
